

Spring Staffing

We are in the early stages of spring staffing and schools are talking about configurations for next year, teachers are thinking about their own employment status, and there is always a little worry around the post and fill process.

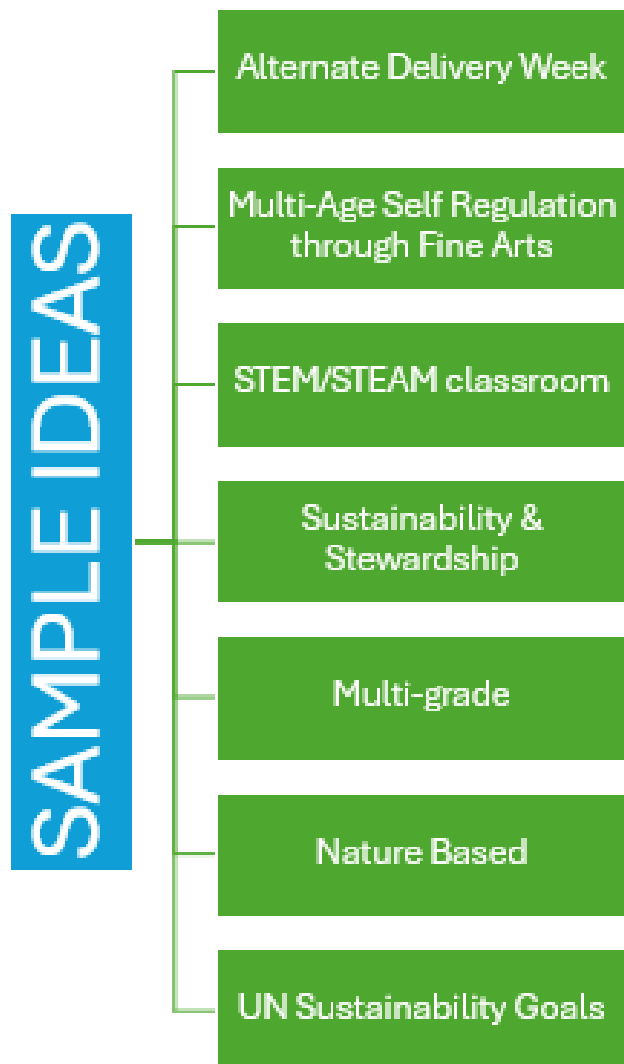

This time of year can bring about anxious feelings and can be stressful for some.

If you are finding this time of year challenging, we can refer you to the [BCTF Health and Wellness Program](#). This is a local, free program that offers a variety of supports for wellness. It gets good reviews!

Attached is the information sent out from HR to all teachers with specifics about timelines and a collection of frequently asked questions. This is a good place to start if you are wondering about the teacher staffing process

Please reach out to the CDTA the office if you have questions, concerns, or would like clarification on something. We are happy to support you.

Thinking about Next Year?

Do you have a program idea or passion?

Now is the time to brainstorm with colleagues on program initiatives and passions and speak with your administrator to see about making your ideas and passions into reality.

If you want to run ideas by the union, give us a call.

MAY 7, 2024
@CDTA OFFICE

MORE DETAILS TO FOLLOW

CDTA

This year the CDTA has \$3,500 in bursaries to support the graduating students of current CDTA members who are moving on to further their education after high school.

If you are a current CDTA member with a graduating child, please complete the attached fillable application for your graduating student. Please mail, email or drop it off to the CDTA office in the mail slot. You can also send the application form in the school mail to the CDTA office.

DEPENDENT BURSARIES

The \$ amount of the bursary will depend on the number of eligible applicants.

Deadline application is Friday, May 31st, 2024.
